The following allows for contemporary discernment of our day. Obviously, some details are NOT included in the data that follows BUT some of our other [sources \(below\)](#) are mentioned which do indeed fill in crucial specifics concerning *what's next*.

The *ax* is presently alive on the earth today.

Active *players* highlighted here:

The restrainer has been removed. This allows the *ax* to make | push further preparations for his public (global) efforts.

*ax* = antichrist  
 restrainer = God | God's Spirit  
 10 kings = kings of Dan. 2:44 & Dan. 7 & Revelation 17  
 tax imposer (of Daniel 11)

The *removal of the restrainer* is not necessarily the *going public* of the man of lawlessness. He can be in the background (preparing) between the time the restrainer is removed and the time he becomes more public (that is, his *début*).

Today, the *ax* continues to prepare for his unveiling, only doing so in the background.

The 10 kings will initially be discerned by some & eventually recognized by most believers *in Christ*.

- \* The tax imposer will precede the *début* of the *ax* ...
- \* The little horn will *take out* 3 of the 10 kings.

\* These two events will confirm the *début* of the *ax*. That he has come will, in the unfolding of these two events, be clear. (At this time we will also absolutely know the Pre-Trib Rapture view is wrong, though deceptive appeals will seek to negate this reality.)

He will then rally the world in support of himself and his global agendas. (exalt himself; rebel against God; persecute God's people, the Jews & Christians)

This time brings urgency because the events are tied to eternally significant concerns. Yes, one's eternal state is effected by what takes place during these days. This is NOT an insignificant matter!

He will, as his reception/favor grows, make a covenant with many for one week – 7 years. See [our chart](#) as to what this covenant will *bring on*. Also refer to this chart and to the material on our [theRaptureGathering.org](http://theRaptureGathering.org) site for clarity as to what's next on the prophetic time table. Also see our [What's coming next, biblically speaking](#) handout.

Chronological *flow* (clearly, the line-specific events below are not proportional in time) ...

The <i>ax</i> is born	The <i>restrainer</i> is removed. NB: Though he does not necessary go public at this time	The <i>ax</i> goes public v (This also includes the faithful Christian community <b>discerning</b> this one is indeed the antichrist.)	The Daniel 9:27 covenant occurs	The <i>War Against the Saints</i> begins
The “tribulation” of Mt. 24:9-14 begins to unfold. (early eschatological tribulation)			Note: The “Great Tribulation” does NOT begin until the latter part of the period of time the Word of God calls the <i>War Against the Saints</i> .
